OF CREATION/ECO CONGREGATION:

"Advent is an annual reminder that we are ever preparing. When the voice of John the Baptist filled the wilderness with the call to preparation, we heard some critical points about sharing food and clothing and about our need to repent. Pope Francis, many years after John, reminder us in Laudato Si that we, who have neglected the preparation time, have turned the Earth into a pile of filth. We have to make things better if the road in the desert is to reopen. John's call to mutual giving and receiving is still the only meaningful definition we have of sustainability"
