CARE OF CREATION

We're well into Plastic Free July – an International movement challenging us to live our daily lives without plastic. The EU 'Single Use Plastic Directive' also came into force at the start of this month. It is amazing how many alternatives to plastic there are when we become aware and begin to look. It definitely takes a little bit of organisation but it is an eye-opening challenge. Are you already taking part? Your choices matter. Let us be leaders in this regard and not July followers.
